Love Beats Fear [G#]

Capo 2

F#m Bm C#m Bm

Turn

       F#m
When I mess it all up and it's easy to spot
      Bm
What do I do?
          C#m   **Bm**
I don't need to try and hide it - now do I?
        F#m
Cause no matter how badly it's all falling down
Bm
God is enough to turn it around
    C#m   **Bm**   **F#m**
And there's no needin' to be full of fear and dread

CHORUS
        F#m   **Bm**   **C#m**
Cause love drives out any hint of fear
 F#m
Every hint of it
    F#m   **Bm**   **C#m**
And there's no room for the lie in here
F#m
No, not a hint of it

Turn

When I'm tempted to be somebody I'm not
What do I do?   I
Don't need to try and fake it - now do I?
If I make it all up and I'm somebody new
It wouldn't be me - it'd be somebody who's
                           A#m
Only keeping me tied up and deep in fear

BRIDGE
           C#m   **A#m**
Oh, but what I know to be true here
       C#m   **A#m**
Is you'll never leave me here
         C#m   **A#m**
You're the only one I need
C#m   **D#m**
Oh, cause you tell me

Love drives out any hint of fear
Every hint of it
There's no room for the lie in here

Love Beats Fear

No, not a hint of it

Yeah, love drives out any hint of fear
Every hint of it
There's no room for the lie in here
No, not a hint of it

Turn

No, not a hint of it
No, not a hint of it
